

Recycled Presswood Pallet

Scenix pallet supplies high quality recycled presswood pallet. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

Product Introduction

It is a good way to enhance our products and solutions and repair. Our mission will be to build creative solutions to consumers with a great experience for Fixed Competitive Price China 100% Recycled HDPE Cheap Export Heavy Duty Plastic Pallet, With a wide range, good quality, reasonable prices and stylish designs, our products are extensively used in this industries and other industries. Fixed Competitive Price China Tray, Plastic Tray, We believe that good business relationships will lead to mutual benefits and improvement for both parties. We have now established long-term and successful cooperative relationships with many customers through their confidence in our customized services and integrity in doing business. We also enjoy a high reputation through our good performance. Better performance will probably be expected as our principle of integrity. Devotion and Steadiness will remain as ever.

Recycled Presswood Pallet

Introduction of Recycled Presswood Pallet

Pallet is the horizontal platform device for the loading, stacking, and transporting of goods and products as unit loads. Recycled Presswood Pallets use wood or non-wood as raw materials. After the raw materials are crushed, dried and a certain amount of rubber fuel is applied, these scraps are laid in a specific mold for one-time compression molding. Compared with ordinary solid wood pallets, this kind of pallet has the advantages of light weight, high strength, good overlap, not easy to deform, no metal, and exempt from quarantine. Its raw materials can be scrap wood products, trail wood, branch wood or agricultural and sideline products

Specification of Recycled Presswood Pallet

PRODUCT PARAMETERS	
Material:	high quality wood fiber
Synthetic resin:	high strength environmentally adhesive
Load:	dynamic load 2000kg / static load 5000kg
Fork hole height:	90mm
Manufacturing:	molded in one solid piece from dried wood fibers
Into the fork:	4 way entry
Specifications:	1100x1100mm / 1200x800mm / 1200x1000mm/1050x1050mm(4 way)
	1140x980mm / 1300x1000mm(2 way)
Fumigation certificate:	no fumigation, can be exported directly

Presswood pallet

Presswood pallet is the full name of plant fiber molded flat industrial pallet, with the overall structure. And the surface of pallet is smooth and flat, to meet the transport of various goods.

Wooden pallet

Wooden pallets use logs as the material, through the drying and modeling, to eliminate the internal stress, and then cutting, planing, sanding and other finishing processing, using nails to connect the wood plate, and the last is the wax sealing process.

Product Application

Dynamic load capacity: over 2 Tons

Static load capacity: over 5 Tons

Moisture content: ≤8%

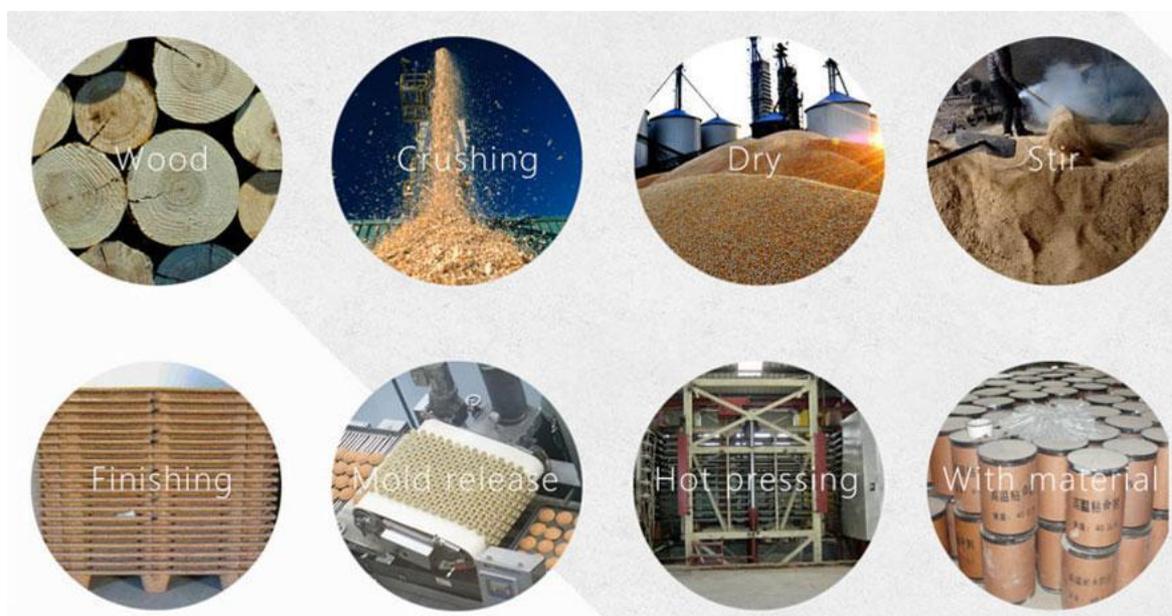

The Recycled Presswood Pallet is a new type of eco-friendly pallet that uses high-quality wood chips, wood shavings and other plant fibers as raw material, compression molding after drying, glue mixing, under high temperature and high pressure. It is used for the storage, packing and transportation of goods in many industries, such as paper making, building material, chemical industry, electronics industry, hardware, food, pharmaceutical industry. Lower price and weight than traditional wooden pallet

Details Of Recycled Presswood Pallet

Raw materials for Recycled Presswood Pallet are anything contains wooden fiber, and are very easy to get. Besides, the raw materials contenting rich fiber also can be used to produce presswood pallets.

1. Waste wood, scraps of the wood, sawdust wood chips, wood shaving, wood chips, big chips, raw wood, burned forest, logs, wood board, branches, timber, wood flakes, and waste pallets, and so on.
2. Anything contenting rich fiber also can be used to produce the pallets, such as straw, waste kraft paper, bamboo, palm trees, coconut husk, softwood, wheat straw, bagasse, and miscanthus, and so on.

Delivery and Shipping Service of Recycled Presswood Pallet

Shipping methods:

By Sea: From Qingdao seaport

By Air

By Train or by Land

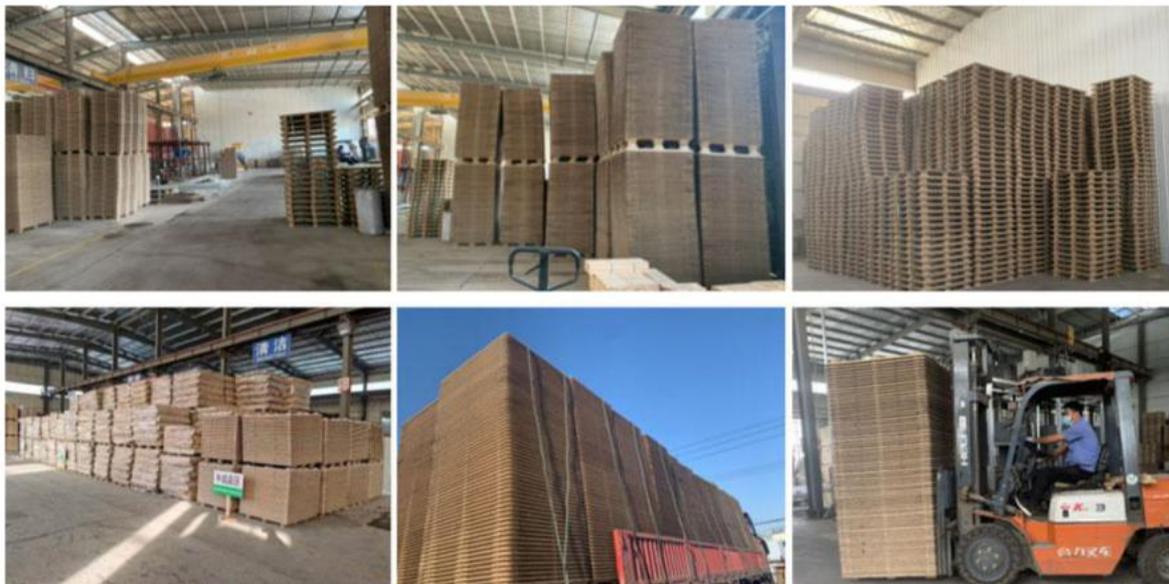

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

Faq

- 1 No nails, stable size, can better protect the transported goods, avoid scratching the outer packaging of the goods;
- 2 Strength is greater than traditional wooden pallets, stable quality, solid and durable;
- 3 With perfect plate frame and tapered foot shape, stacking transportation can make full use of the site and space;
- 4 There are four working surfaces, which is convenient for the operation of the mechanical forklift in multiple directions;
- 5 Light weight, easy to use, reduce labor intensity of workers;
- 6 It has the advantages of waterproof, insect-proof, white ant-proof and not easy to burn. It can be exported directly without quarantine and meets environmental protection requirements.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, Recycled Presswood Pallet and presswood pallet machine. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
